

Housing Accessibility Modification Program (HAMP)

A program designed to improve the physical access of rental units for people with disabilities.

BALTIMORE COUNTY COMMISSION ON DISABILITIES

Our mission is to foster attitudes and promote behaviors which respect and value people with disabilities among County government, its citizens, and others.

The Commission on Disabilities includes people with disabilities, family members, representatives of public and private service-providing agencies, and State and local government. The Commission works to assure that all of the County's programs and services are accessible.

The Commission on Disabilities is part of the Baltimore County Department of Planning and is made up of volunteers who are appointed by the County Executive.

What is HAMP?

The Housing Accessibility Modification Program provides financial assistance to individuals with disabilities so their rental units can be modified to meet their accessibility needs.

To be eligible, an applicant with an identifiable disability must reside in Baltimore County and have a rental lease agreement for at least one year. A participant must either be in the Housing Choice Voucher Program or the total household income may not exceed 80% of the median income for Baltimore County. Eligible incomes change annually.

Who qualifies for a HAMP grant?

What modifications are allowed under HAMP?

Modifications are based on an applicant's particular needs and commonly include the installation of wheelchair ramps/lifts and renovations to bathrooms and kitchens to allow for greater ease of use. Each request is reviewed on a case-by-case basis. Prior to approval, requests are first reviewed by an inspector to determine the scope and viability of the work. (Please note: accessibility renovations to common areas such as swimming pools, parking lots, community centers, etc. are not eligible.)

All work must be done by licensed contractors, selected by the property owner. The Department of Planning retains a list of local contractors who have experience with HAMP.

Who performs the modification?

Why HAMP?

The immediate intent of the program is to ensure that renters with disabilities have full access to their units by affording them the resources to make reasonable accommodations, with the long term goal of increasing accessible rental units throughout Baltimore County.

To apply, simply contact the Baltimore County Commission on Disabilities at 410-887-3480. Funding will be awarded after consideration of each application on a first-come, first-served basis as long as funding is available.

August 2017

Baltimore County Executive Kevin Kamenetz and the Baltimore County Council
